## Estimate costs and savings

With our online Care Cost Estimator, you can get an estimate of your out-of-pocket costs before you schedule a doctor's appointment or medical procedure. With our market-leading estimator tool, you can look up the price of up to 1,600 procedures based on your health plan and learn important ways to save money on your care based on:

- Cost estimates for the health care services you need and cost comparisons and quality ratings for network doctors/providers
- Plan coverage and anticipated costs including coinsurance and copays, as well as how much you've already paid toward deductibles and out-of-pocket limits

## Achieve Well-being with tools available to you

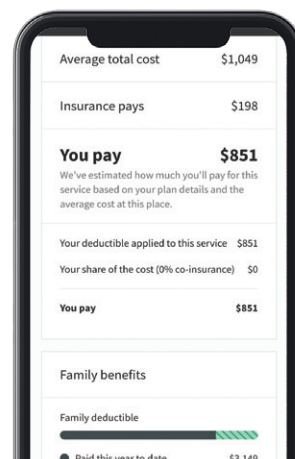

Whether you want to increase physical activity, lose weight, or manage a health condition, you can find the motivation and help you need with our Achieve Well-being tools, including:

- Your current Personal Health Record
- Health videos, articles, and recipes
- A personalized dashboard that syncs with the health apps and trackers you already use
- The Health Navigator symptoms database
- Motivational tools to help you reach your wellness goals

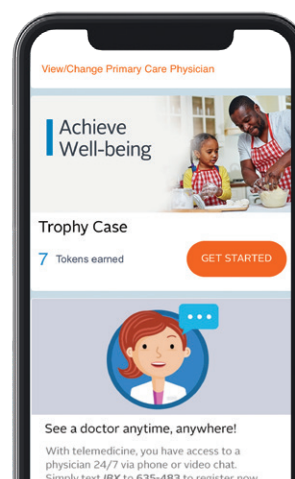

## Manage your care — anywhere

You can access IBX resources and tools — anytime, anywhere — with the IBX mobile app. Available free for iPhone or Android, the IBX app gives you the freedom to manage your health and coverage on the go.
